Fibreglass Pots - introduction 4

Longo 8

Square 12

let's colour 

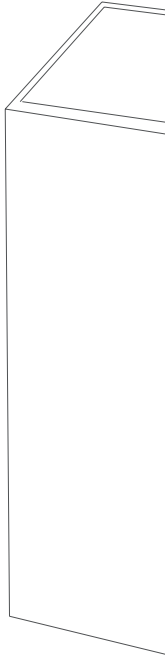

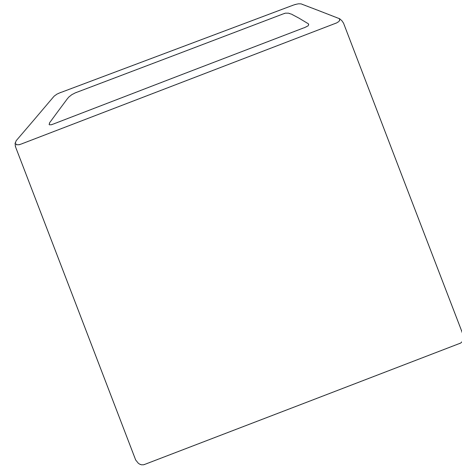

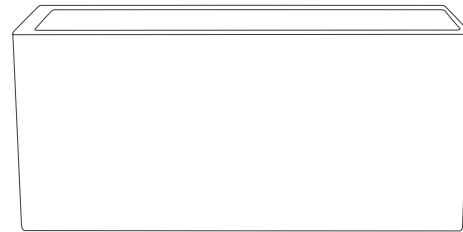

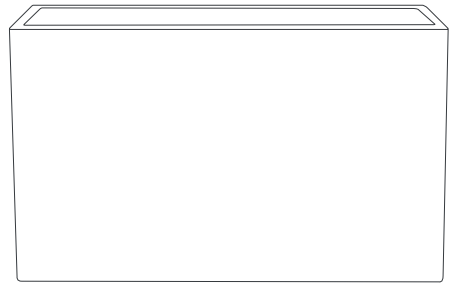

# FIBREGLASS POTS

ARE MADE OF A HIGHLY DURABLE AND ELEGANT MATERIAL

Due to their high aesthetics and resistance to external factors, they are not only visually appealing but also perfect for various settings, including home gardens, public spaces, indoors, outdoors, hotel lobbies, shops, restaurants, and offices

These pots are characterized by their impeccable appearance, and when paired with flowers, plants, and trees, they create a unique effect that adds charm to any property. The products are made of durable fibreglass, which is commonly used for yachts, evidencing the material's durability.

**\*\* POTS AVAILABLE IN THE COLORS OF THE RAL PALETTE!**
