Beware of imitations!

It is impossible to copy quality and safety. Only products branded with Terra's sign can provide the highest quality, safety and accuracy of execution.

Product protected by patent

P 379058

Registered design

Wp 9324-25

Made in EU

Warranty 24 months

Number of rings	6
Capacity	157 liters
Total height	1355 mm
Base diameter	600 mm

Weight before planting	38 kg
Weight after planting	96 - 150 kg
Estimated amount of seedlings	29 - 35 pieces
Warranty	24 months

 Weight depending on the type of soil and its moisture

Terra's Cascading Flower Towers include a 2-year warranty program called "DOOR TO DOOR". In practice it is an extensive system of support and technical assistance, as well as an extremely efficient service guarantee. Product's flaws will promptly be fixed by our service team in any place designated or new products will be delivered.

Colours (DUPLEX)

DUPLEX System

The combination of the zinc coating and a layer of structural polyester powder paint guarantee a resistant protection surface, which durability can be defined as a doubled product of the sum of these two coatings.

Production method

- laser-cut rings
- rings welded in MAG / TIG technology
- all the elements are hot dip zinc coated
- powder coated rings (DUPLEX system)

Safety

- rubber gasket on each rings
- no sharp edges
- heavy and stable
- high resistance to vandalism
- can be fixed to the ground
