# ZEBRA

---

## Nature all around

Relax in the city center and in the surroundings of plants – it is possible thanks to the furniture from the Zebra Collection. A characteristic feature of the line are round benches, which go together with Gianto pots. An additional advantage is fabulously colorful finish. It is essential that the seat may have various color options - each rung can go in any version and their final image is not limited in any way. This can be a great idea for an arrangement of school... playgrounds, parks or estate squares. The polyethylene pot and steel seat assure that their form will remain unchanged for years as well as their resistance to the various weather conditions and mechanical damage.

## ROUND BENCHES

Zebra 80 / Zebra 95 / Zebra 120

A round bench, compatible with Gianto, with a half-round shape guarantees an eye-catching visual effect but also comfort of use. A steel bench and polyethylene used in the production process assure resistance, regardless of the weather conditions. The colors of each bench rung can be chosen according to your needs.

**Zebra 80**

A round bench compatible with Gianto 80

**Zebra 95**

A round bench compatible with Gianto 95

**Zebra 120**

Triple Set for Gianto & Gianto 80 i 95 pots

# WAVE

## Nature and functionality

Nature and functionality – these are the elements from which the collection of urban furniture WAVE arouse from. A consistent effect assure the Gianto pot, with its classical form and vivid colors, as well as unique seats with their colorful finish. The WAVE collection has a number of advantages – any combination of colors, container sizes and bench sizes allow to adapt the furniture to any space: from the main square to the kindergarten playground. A simple combination of each seat module provides next options of arrangement. Solid steel and resistant polyethylene guarantee the use for many years without any problems.

## BENCHES WAVE

Solo, Doble, Triple, Tri, Quintus

The color, attractive form, piece of nature and comfortable seat - these are the elements, which are the most significant advantages of benches from the Wave line. This innovative project is a response to modern space requirements, which is not only a piece of furniture but also a made-to-measure decorative element. A free module combination allows to create arrangements of different colors and sizes. Create some unique composition!
