	Number of rings	▶	3
	Capacity of substrate	▶	31 l
	Second bottom capacity	▶	4 l
	Weight before planting	▶	9 kg
	Weight of the planting	▶	22-45 kg 
	Estimated amount of seedlings	▶	10-14 items

 Weight depends on the type of soil and its moisture

Terra Flower Tower construction is under a 2-year warranty program called „DOOR TO DOOR“. In fact, it is an extensive system of support and technical assistance, as well as an extremely efficient service guarantee. When a fault is detected in our products, service team fix it wherever you want or exchange the product with a new one.

Production method

- laser-cut rings
- MAG/TIG welded rings
- hot dip galvanized
- powder coated rings (DUPLEX system)

Colours

DUPLEX System

The combination of a galvanized layer and a polyester powder coat gives an extraordinary resistance. The top coat of paint, which supposed to be a decoration, becomes an additional anticorrosive layer.

Safety

- rubber seals on each ring
- no sharp edges
- high weight and stability
- high resistance to vandalism

Assembly system

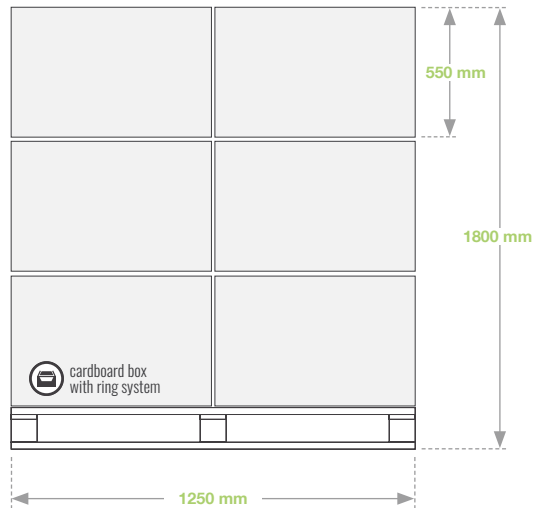

W600/3 1/2

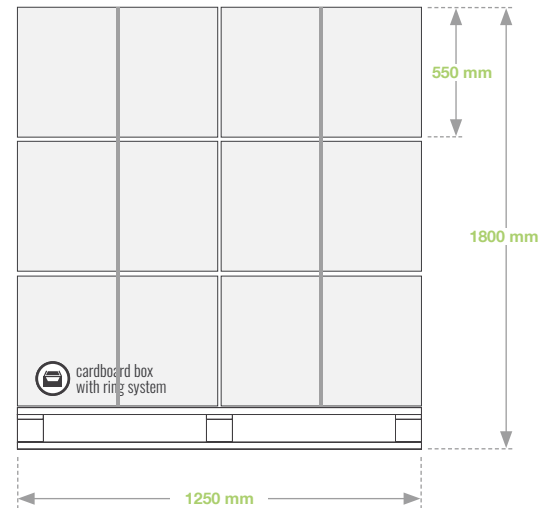

Hanging Flower Tower
